Brothers and Sisters,

Chris Hill has been a member of Lighthouse Baptist Church for over fifteen years. During that time he has been a very faithful and dedicated part of the ministry here. He has taught Sunday School, taught high school courses in Lighthouse Christian Academy, led souls to Christ, disciplined new converts, and he has been an encouragement and help to me.

Chris comes from a family with a deep commitment to winning souls. His father is a phenomenal soul winner and has inspired his sons to be the same. Chris' brother Will surrendered his life to be a missionary and trained under my leadership here at Lighthouse. God is using him greatly on the field.

I believe Chris has the heart and soul to be a great missionary and a tremendous help to those already on the field. Chris has travelled to Japan several times at his own expense to assist in the work. Chris is rock-solid in his doctrine and he lives a separated life. Chris senses an urgency as the missionaries in Japan work to get a strong ministry established. He desires to spend the next two years of his life helping them. I believe this could lead to a permanent call to this work.

I fully support his desire and call to this work. Our church will give him substantial support and I believe any support you could give will be a great investment in reaching millions of people for Jesus Christ. Japan is open to the gospel. The hearts of the people are open now perhaps more than any other time since WWII. I hope and pray that Chris can get to Japan as soon as possible to assist in this great work. Your help will be vital.

Sincerely,

Dr. Charles J. Blackstock, Jr  
Senior Pastor
