

## Sending Church now handling our Support

**With much prayer and council we've decided to no longer partner with Vision Baptist Missions.** When we started our deputation back in 2011 our home church of Lighthouse Baptist Church in Dawsonville, GA needed assistance in handling our support and other various needs of a missionary family, and Vision Baptist Missions was very kind in helping our church with those needs. We are greatly appreciative of their assistance for these past eleven years! They have truly been a blessing to us. Recently VBM has made a change and is no longer under Vision Baptist Church. Vision Baptist Missions has become their own organization. We understand their position and wish them well, but **we believe God wants us to be part of a ministry that is under local church authority. We are so thankful that our sending church, Lighthouse Baptist Church, is now able to assist us with all the needs** that Vision Baptist Missions has been so gracious to assist us with. From June, 2022 forward, Lighthouse Baptist church will be handling our support. Any support given through Vision will be forwarded to us only until July 14th, after that they will return any donations back to the donors.

## A difficult decision

We are about two years away from our furlough and this is a difficult time for us to be making this change, but we believe God's timing is always best! Many of our supporters began supporting us under the grounds that Vision Baptist Missions was a local church ministry, and although we count the leadership of VBM as friends and brothers in Christ and VBM is still passionate about world evangelism, we still felt it would not be honest of us to continue with Vision Baptist Missions as it is not under any local church. **We praise the Lord that our home church can step in to fill our needs without us having to come back for a furlough, as our church plant is not yet able to continue without us being here.** My Pastor Charles Blackstock, who trained me for the ministry, has taken much pressure off of us and we are able to focus on the work at hand.

## We ask for your continued support

**We are still church planting missionaries to Japan sent out of the same Church that commissioned us eleven years ago. Our field has not changed. Our mission from God has not changed. Our sending church has not changed. And so we ask that you would continue to support us as we minister here in Niigata, Japan.** There is much work to be done and God is faithful to do exceeding abundantly above all that we ask or think!

**We are currently at about 95% of our needed support, and if every currently supporting church will continue to support us through this change we will be able to continue our ministry here in Japan without having to make any changes or return for an early furlough. Vision will only process our support until July 14th, so please help us by sending all future donations to our home church following the guidelines below.**

**If you have any questions at all, please contact us.** My Pastor can be reached at 706-265-9868. And I can be reached via our IP phone 770-776-6987. Our IP phone uses the internet to make and receive calls so it is just as if you were calling a number in GA. However please remember the time difference between Japan and the States. We are currently 13 hours ahead of EST. As such, I'll be able to receive phone calls between 7PM and 9AM EST. Our Pastor can receive calls during normal hours.

Thank you to each supporter that has enabled us to minister here in Japan. Without God using you, your prayers and support, we would not have been able to accomplish all that has been accomplished. Hundreds of Japanese people have been able to hear the Gospel through our ministry, people have been saved, baptized and taught the Bible and we are thrilled to continue this great work that God has called us to.
